9:20 a.m. - Questions & Answers

Where: San José City Hall, West Plaza, outside the Rotunda

200 E. Santa Clara Street San José, CA 95113

Who: Mayor Chuck Reed, City of San José

Rob Davis, San José Police Chief

Dolores Carr, Santa Clara County District Attorney Blanca Alvarado, Santa Clara County Supervisor

Veronica Flores, Clean Slate Graduate

Background:

The Safe Summer Initiative's will keep local youth safe this summer by providing recreation activities that will keep them busy and engaged. "As our schools let out for the summer, it is vital that we provide all youth with recreation opportunities," said Mayor Chuck Reed. "Recreation activities provide a positive alternative to gangs, but often the kids who need these activities the most are least likely to participate in our city's summer activities."

The initiative is designed to specifically address prevention, intervention and suppression for high-risk populations. In order to provide these programs, the Mayor's Gang Prevention Task Force is awarding mini-grants of up to \$50,000 to community-based organizations to fund activities that such as street outreach, extended community center hours, sporting tournaments, and youth outings will receive funding in order to target the at-risk population.
